

Lesson 2

Making Acquaintance

Lothar and Julia meet Victoria at a party.

Lothar                    Hi Julia, how are you?

Julia                     I'm fine, how are you?

Lothar                    Fine, thanks.

*Lothar sees a woman. She is pretty!*

Lothar                    Who is that young woman? Who is she?

Julia                     That is Victoria.

Lothar                    Do I have time to meet her?

Julia                     Yes... Hi, Victoria!

Victoria                 Hi Julia! Is this Lothar?

Julia                     Yes, this is Lothar.

Lothar                    Nice to make your acquaintance, Victoria! Where are you from? Are you from England too?

Victoria                 Yes, I am.

Lothar                    Does your family live in London?

Victoria                 No, they don't. My family lives in Manchester. Do you live in Berlin?

Lothar                    Yes, I do. Where do you work?

Julia                     She works for Megahard too!

Lothar                    What sign are you, Victoria?

Victoria                 Ahhh... I'm a Capricorn. And you?

Lothar                    I'm an Aquarius! How old are you?

Julia                     Lothar!

Victoria                 That is OK, Julia. I am twenty-three (23) years old!

Lothar                    You are not old! You are young... and pretty! What is your phone number?

Julia                    Lothar! Victoria is not single. She is married.

Victoria                Oh no, Julia! I'm divorced!

Lothar                 Oh, how... nice!

Julia                    Lothar, what time is it?

Lothar                 What? Oh, it is eleven-thirty (11:30) at night.

Julia                    It is late. I go to work at a quarter past eight (8:15).

Lothar                 Yes, it is... Victoria, what is your telephone number?

Victoria                It is zero-three-zero, five-six-seven, one-two-three-four (030 567 1234).

Julia                    Lothar, do you have a car?

Lothar                 Yes... why?

Julia                    I don't have a car.

Lothar                 Oh, Ok! We can go in my car.

Julia                    Thank you!

Lothar                 Good-bye, Victoria. See you later!
